

**Section 1. Identification**

**Product name** CTB-01225  
**Product type** B Side Resin  
**Chemical family** Not available.  
**SDS No.** NA-1504:1925 (Version: 2.0)

**Relevant identified uses of the substance or mixture and uses advised against**

**Identified uses** Used in the manufacture of thermoset plastic parts.  
**Uses advised against** No additional information.

**Supplier's details**  
AOC, LLC  
955 Highway 57 East  
Collierville, TN 38017  
E-Mail: aoc.sds@aoc-resins.com  
Website: www.aoc-resins.com  
Phone Number: (901) 854-2800  
Hours: 8AM-5pm (Central Time) Monday-Friday

**Emergency telephone number**

CHEMTREC Within USA and Canada	+1 (800) 424-9300	CCN1023
CHEMTREC Outside USA and Canada	+1 (703) 527-3887	
CANUTEC Within Canada	+1 (613) 996-6666	

**Section 2. Hazards identification****OSHA/HCS status**

While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

**Classification of the substance or mixture**

Not classified.

**GHS label elements****Signal word**

No signal word.

**Hazard statements**

No known significant effects or critical hazards.

**Precautionary statements****General**

Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand.

**Prevention**

Not applicable.

**Response**

Not applicable.

**Storage**

Not applicable.

**Disposal**

P501: Dispose of contents and container in accordance with all local, regional, national and international regulations.

**Hazards not otherwise classified**

None known.

## Section 5. Fire-fighting measures

### Extinguishing media

#### **Suitable extinguishing media**

Use dry chemical, CO<sub>2</sub>, water spray (fog) or foam.

#### **Unsuitable extinguishing media**

None known.

#### **Specific hazards arising from the chemical**

No specific fire or explosion hazard.

#### **Hazardous thermal decomposition products**

No specific data.

#### **Special protective actions for fire-fighters**

Fire water contaminated with this material must be contained and prevented from being discharged to any waterway, sewer or drain.

#### **Special protective equipment for fire-fighters**

Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

## Section 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

#### **For non-emergency personnel**

No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Do not touch or walk through spilled material. Shut off all ignition sources. No flares, smoking or flames in hazard area. Avoid breathing vapor or mist. Provide adequate ventilation.

#### **For emergency responders**

If specialised clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment. See also the information in "For non-emergency personnel".

#### **Environmental precautions**

Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air). Water polluting material. May be harmful to the environment if released in large quantities.

### Methods and materials for containment and cleaning up

#### **Small spill**

Stop leak if without risk. Move containers from spill area. Dilute with water and mop up if water-soluble. Alternatively, or if water-insoluble, absorb with an inert dry material and place in an appropriate waste disposal container. Use spark-proof tools and explosion-proof equipment. Dispose of via a licensed waste disposal contractor.

#### **Large spill**

Stop leak if without risk. Move containers from spill area. Approach release from upwind. Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations (see Section 13). Use spark-proof tools and explosion-proof equipment. Dispose of via a licensed waste disposal contractor. Contaminated absorbent material may pose the same hazard as the spilled product. Note: see Section 1 for emergency contact information and Section 13 for waste disposal.

## Section 7. Handling and storage

### Precautions for safe handling

#### **Protective measures**

Put on appropriate personal protective equipment (see Section 8). Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. Do not breathe vapor or mist. Do not ingest. Avoid contact with eyes, skin and clothing. Avoid release to the environment. Use only with adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Do not enter storage areas and confined spaces unless adequately ventilated. Keep in the original container or an approved alternative made from a compatible material, kept tightly closed when not in use. Store and use away from heat, sparks, open flame or any other ignition source. Use explosion-proof electrical (ventilating, lighting and material handling) equipment. Use only non-sparking tools. Take precautionary measures against electrostatic discharges. Empty containers retain product residue and can be hazardous. Do not reuse container.

#### **Advice on general occupational hygiene**

Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.

## Section 9. Physical and chemical properties

**Auto-ignition temperature** Not available.  
**Decomposition temperature** Not available.  
**Viscosity** Not available.  
**Molecular weight** Not available.

## Section 10. Stability and reactivity

### Reactivity

No specific test data related to reactivity available for this product or its ingredients.

### Chemical stability

The product is stable. Stable under recommended storage and handling conditions (see Section 7).

### Possibility of hazardous reactions

Under normal conditions of storage and use, hazardous reactions will not occur.

### Conditions to avoid

Avoid all possible sources of ignition (spark or flame). Do not pressurize, cut, weld, braze, solder, drill, grind or expose containers to heat or sources of ignition.

### Incompatible materials

Reactive or incompatible with the following materials: oxidizing materials

### Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## Section 11. Toxicological information

### Information on toxicological effects

#### Acute toxicity

Not available.

#### Irritation/Corrosion

Not available.

#### Sensitization

May cause sensitization by skin contact.

#### Carcinogenicity

#### Classification

Product/ingredient name	ACGIH	IARC	NTP
None of the components are listed.			

#### Mutagenicity

No mutagenic effect.

#### Reproductive toxicity

Not considered to be toxic to the reproductive system.

#### Teratogenicity

No known effect according to our database..

#### Specific target organ toxicity (single exposure)

No known effect according to our database.

#### Specific target organ toxicity (repeated exposure)

No known effect according to our database.

#### Aspiration hazard

No known effect according to our database.

#### Potential acute health effects

#### Eye contact

No known significant effects or critical hazards.

#### Inhalation

No known significant effects or critical hazards.

#### Skin contact

## Section 14. Transport information

### Additional information

US regulations require the reporting of spills when the amount exceeds the Reportable Quantity (RQ) for specific components of this material. See CERCLA in Section 15, Regulatory Information, for the Reportable Quantities.

**IMDG** No additional information.

**IATA** No additional information.

### Environmental hazards

Marine pollutant: No.

### Special precautions for user

**Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

## Section 15. Regulatory information

### Inventories (National and International)

United States inventory (TSCA 8b)	: All components are listed or exempted.
Australia (AICS)	: Not determined.
Canada (DSL)	: All components are listed or exempted.
China (IECSC)	: All components are listed or exempted.
Europe (EINECS)	: All components are listed or exempted.
New Zealand (NZIoC)	: All components are listed or exempted.
Philippines (PICCS)	: All components are listed or exempted.
Japan (ENCS)	: <b>Japan inventory (ENCS):</b> Not determined. <b>Japan inventory (ISHL):</b> Not determined.
Malaysia (EHS Register)	: Not determined.
Republic of Korea (KECI)	: All components are listed or exempted.
Taiwan (CSNN)	: All components are listed or exempted.

### SARA 311/312

#### Composition/information on ingredients

No products were found.

None.

### State regulations

#### California Prop. 65

**WARNING:** This product contains less than 0.1% of a chemical known to the State of California to cause cancer.

## Section 16. Other information
