

# OMEGA SSW-20K WINCH

## UNIVERSAL MOUNT

For UV lining one of the most vital tools for efficient installation is a quality winch with the power to pull in even the biggest liners.

Flexibility and portability combined with massive pulling power are the hallmarks of the Omega SSW-20K winch.

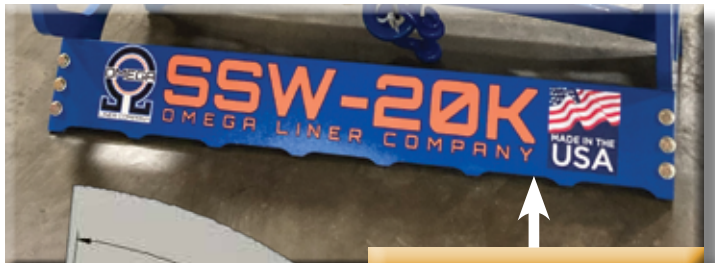

**Universal Mount to  
Hydraulically Equipped  
Skid Steer Loaders**

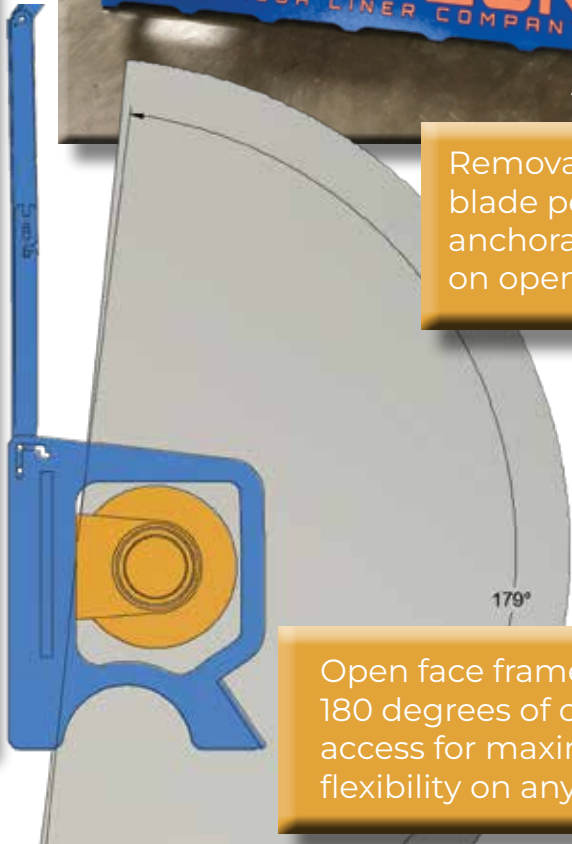

- 20,000lb Pull Rating
- Regular and Extra Capacity Drums Available
- American Made Super Heavy Duty Winch
- Standard Skidsteer or Telehandler Mounts Available
- Up to 650' of 7/16" Cable Capacity
