# Omega Liner Company partners with REAL POWER

*REVOLUTIONIZING THE MOBILE POWER INDUSTRY*

December 10th, 2020

Canton SD - Omega Liner Company has entered into an agreement to become an Authorized Dealer of REAL POWER generator sets and accessories.

REAL POWER is the industry leader in chassis mounted mobile power solutions. The REAL POWER® Chassis-Mounted AC Generator system is far more than just a simple and efficient way to deliver reliable AC power wherever you need it, it's the solution to everything that's wrong with your current generator system. From delivering on-demand job site power to nearly unlimited back-up and emergency power generation, the REAL POWER Chassis-Mounted AC Generator System offers all the power you need without the hassle and routine maintenance of the old fashioned mobile power solutions you're currently utilizing. You can learn more about REAL POWER at [www.realacpower.com](http://www.realacpower.com).

Omega Liner Company, Inc. located in Canton, South Dakota, is a manufacturer of UV-CIPP (Ultraviolet Cured-In-Place) liners for the trenchless restoration and repair of pipe and culvert systems.
